### TASKS PERFORMED BY TRUSTEE

The Trustee reviewed the Debtor's Schedule of Assets and Liabilities and Statements of Financial Affairs. The Trustee reviewed all of the events in the Florida Bankruptcy. The Trustee conducted an examination of the Debtor under Rule 2004 as the Section 341 meeting of creditors had already occurred in Florida..

1. The Trustee prepared semi-annual reports to the United States Trustee's Office.
2. The Trustee managed the estate's cash on hand. This included investing the estate's funds in interest bearing accounts and maintaining a report of cash receipts and disbursements.
3. The Trustee examined the Debtor's records in an effort to identify additional assets available to the estate for liquidation and to verify the disposition of assets.
4. The Trustee attended to tax issues concerning the estate.
5. The Trustee reviewed the claims filed in this case. The Trustee compared schedules, notices of bar dates and claims dockets to ensure all creditors scheduled received the appropriate notices.
6. The Trustee participated in every aspect of the case with outside counsel and at the request of outside counsel reviewed all of the pleadings filed prior to filing with the exception of routine pleadings. The trustee developed strategy which allowed the recovery and or resolution of interests in five substantial properties as well as discharge issues. The Trustee collected and or has paid over \$2,000,000.00 for the benefit of creditors.
